PALATIAL POOL SERVICES

AquaCommander

Integrated Payment and Inventory Hub

AquaCommander consolidates point-of-sale processing, inventory management across 2,800+ product SKUs, invoicing, and secure payment processing into one unified platform. With automatic accounting reconciliation and offline capability, it ensures seamless business operations whether you are in the office or on-site.

Key Benefits

- Unified platform for payments, invoicing, and inventory
- Real-time stock levels with automatic reorder alerts
- Works offline with automatic sync when reconnected
- PCI-DSS Level 1 certified payment security
- Automatic reconciliation with accounting systems
